*School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. *School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For further information on the breakdown of results please contact the Department of Education at 729 – 1126.

*School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. *School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For further information on the breakdown of results please contact the Department of Education at 729 – 1126.

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. *School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. *School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. *School data with 5 or fewer students withheld for reasons of confidentiality.*

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For further information on the breakdown of results please contact the Department of Education at 729 – 1126.

For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 1- Strongly disagree, 2- Disagree somewhat, 3- Neither agree nor disagree, 4- Agree somewhat, 5- Strongly agree, N/A- Not applicable

Survey results highlight the percentage of students who 'agree somewhat' or 'strongly agree' with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who 'neither agree nor disagree' as well as the students who felt the question did not apply to them. For further information on the breakdown of results please contact the Department of Education at 729 – 1126.
