For each item on the survey, students were asked to indicate the extent to which they agreed to each statement with the following scale: 😊- Yes, 😐- Unsure, ☹️- No

Survey results highlight the percentage of students who agree with each statement. Of note, the inverse (i.e. 100% - % agree) does not represent the percentage of students who disagree with the statement as this number also includes the percentage of students who were unsure. For further information on the breakdown of results please contact the Department of Education at 729 – 1126.
